What is Critical Illness Insurance?

Critical Illness Insurance pays a lump-sum benefit if you are diagnosed with a covered illness or condition on or after your coverage effective date. Critical Illness Insurance is a limited benefit policy. It is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

Features of Critical Illness Insurance include:

- **Guaranteed Issue:** No medical questions or tests are required for coverage.
- **Flexible:** You can use the benefit payments for any purpose you like.
- **Payroll deductions:** Premiums are paid through convenient payroll deductions.
- **Portable:** If you leave your current employer or retire, you can take your coverage with you.

For what critical illnesses and conditions are benefits available?

Critical Illness Insurance provides a benefit payment for the following illnesses and conditions. Covered illnesses/conditions are broken out into groups called “modules”. Benefits are paid at 100% of the Maximum Critical Illness Benefit amount unless otherwise stated. For a complete description of your benefits, along with applicable provisions, conditions on benefit determination, exclusions and limitations, see your certificate of insurance and any riders.

- If you elect voluntary coverage, that coverage becomes effective at 12:01 AM on the latest of the following:
 - The date you are eligible for coverage, if you apply on or before that date.
 - The first day of the month following the date you apply for coverage.
- Coverage for your spouse and/or children becomes effective on the same date as your coverage.

What Maximum Critical Illness Benefit am I eligible for?

- For you
 - You have the opportunity to purchase a Maximum Critical Illness Benefit of \$10,000
- For your spouse
 - You have the opportunity to purchase a Maximum Critical Illness Benefit of \$5,000
- For your children

How many times can I receive the Maximum Critical Illness Benefit?

Usually you are only able to receive the Maximum Critical Illness Benefit once for each covered condition. Your plan includes the Recurrence Benefit*, which allows you to receive a benefit for the same condition a second time. It's important to note that in order for the second occurrence of the illness to be covered, it must occur after 12 consecutive months without the occurrence of any covered critical illness named in your certificate, including the illness from the first benefit payment.

If you have reached the benefit limit by receiving the maximum benefit for each covered condition, you may choose to end your coverage; however, if you have coverage for your spouse and/or children, you must continue your coverage in order to keep their coverage active. Please see your certificate of coverage for details.

*This benefit does not apply to the cancer module.
